

ANCHORSHADE III

Long known for manufacturing quality marine products, Taylor Made has reinvented the highly successful Anchorshade. Several important design changes are being introduced, including larger diameter and solid fiberglass structural ribs. Also added to these improvements is a powder-coated aluminum frame (so even if scratched, it will not rust). These newest innovations are sure to keep your Anchorshade III looking and working well for years to come.

This uniquely designed 6 ft. x 6 ft. square umbrella can be used on almost any vessel from a small fishing boat to larger high-performance boats. AnchorShade III is designed to be used when anchored or at idle speed on a calm day. AnchorShade III is perfect for relaxing on the water, at dockside, or just lounging on the beach.

- Lightweight, mildew/fade resistant UV-treated polyester top
- Excellent sun protection. Blocks out 85-90% of harmful rays.
- Adjustable straps with non-corrosive hardware provide mounting flexibility for nearly all applications
- Market-style top allows venting to occur without loss of sun protection
- Available in ten dynamic colors to best match your boat.
